## ARE YOU A DEADLY MATE?

One of your friends thinks you could be a Deadly Mate and has put this on your car as a warning. If you drive over the speed limit or drive dangerously, you are putting yourself, other road users and your mates in danger.

### Think about it:

- Over 1000 young lives are lost every year in road crashes
- One in three crashes involve men under the age of 20
- One in four car drivers killed or seriously injured is under 25
- One in five new drivers has an accident within the first 12 months of passing their test

Don't be a Deadly Mate.
